### Remote Learning

Remote Learning at Pleasant Street PS is going to be delivered through Google Classrooms. This document is an outline of what Remote Learning will look like on a day-to-day basis.

#### **Log In**

Students should already be logged in to their Google Classroom.

If this is not the case, please email Helen Romeril romeril.helen.m@edumail.vic.gov.au.

You can watch instructional videos about logging in at <http://pspshomelearning.weebly.com/>

#### **Work**

Work will be allocated to students each day in the "Remote Learning" classroom.

The work will appear under the title of the Day and Date. For example, the first days' work will appear under Wednesday 15th April 2020.

Each day your student will get:

- Reading Task
- Writing Task
- Numeracy Task
- Inquiry Task
- Specialist Task (There will be a different task from Specialists on each day)

For example, each task will be named in the format; Wednesday 15th April 2020 - Reading,

All work will be allocated to appear at 9.00 am. This will give parents the flexibility to choose the best times to complete the work with their children.

#### **Submitting Work**

Work can be submitted for each task. You can complete work using paper and writing/drawing tools and taking a photo to upload. Or you can use a range of apps to complete the task and upload to Classrooms.

There are no due dates and students can submit work at any time.

Students do not have to complete every task.

This website LINK has been set up to assist you with uploading by providing instructional videos.

#### **Do I have to 'check-in' each day?**

We are not asking students or families to check-in at a particular time each day given the variation in circumstances in each household.

### Emailing Teachers Through Compass

1. Open the Compass App

2. Open the 'menu'.

3. Click 'Open In Browser'

4. Under your child's name, there is an envelope and the option to 'Send email to Child's teachers'

5. At the side, you can see all the teachers your child has. You can send to all or delete any you don't wish the email to go to (specialist teachers for example).

6. You can also add staff in.
