

## FIRST AID POLICY

### PURPOSE

To ensure the school community understands our school's approach to first aid for students.

### SCOPE

First aid for anaphylaxis and asthma provided for in our school's:

- *Anaphylaxis Policy*
- *Asthma Policy*

### POLICY

From time to time Pleasant Street Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

#### Staffing

The principal will ensure that Pleasant Street Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Pleasant Street Primary School's trained first aid officers are kept in a register in First Aid room

#### First aid kits

Pleasant Street Primary School will maintain:

- A major first aid kit which will be stored in the first aid room
- 3 portable first aid kit/s which may be used for excursions, camps, or yard duty. The portable first aid kit/s will be stored:

In the first aid room

Maria Hodder will be responsible for maintaining all first aid kits.

#### Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the sick bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

## First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Pleasant Street Primary School will notify parents/carers by phone.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student PSPS will:
  - record the incident on CASES21
  - if first aid was administered in a medical emergency, follow the Department’s [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department’s Incident Support and Operations Centre on 1800 126 126.

In accordance with guidance from the Department of Education and Training, analgesics, including will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury. Paracetamol may be administered if requested by the parent to treat an existing condition.

## REVIEW CYCLE

This policy was last updated in July 2021 and is scheduled for review in April 2024
